## HMP GOLD Edition

First grade edition with 60% tourmaline

Our Manufacturer recommends these pads for those with Autism, ADD, ADHD, Crohn's Disease, Fibromyalgia, and Heavy Metal Poisoning. Known effective for these symptoms: Fatigue, headache, double-vision, blood pressure, arthritis, rheumatism, skin problems, stress, slow learning, insomnia, hot flashes due to menopause, and mood swings.

The HPM Gold Edition contains Tourmaline. Tourmaline exerts a cleansing and liberating energy upon our entire nervous system with a clearing and stabilizing effect. Tourmaline is best known as one of the only minerals to emit far infrared heat and negative ions. It is also known to be able to increase an alpha wave in our brain. Alpha brainwaves are conducive to creative problem solving, accelerated learning, mood elevation and stress reduction.

Here is what the manufacturer has to say about this particular edition: The HMP Gold model emits negative ion on average of 1300 ion/cm<sup>3</sup>. HMP Gold has been proven to be able to improve heavy metals poisoning according to our latest clinical testings.
